## THE TRUTH ABOUT ANTI-AGING

Straight from doctors Vicki Belo, Aivee Aguilar-Teo and Kaycee Reyes

**A**ging is a privilege. Looking like it? It depends on whom you ask. But wouldn't it be nice to keep the wisdom and self-assurance of maturity without the inevitable changes, pain or overactive muscles?

and posing questions like, "Is everything OK?" because of the line in your forehead or Sagittarius?

Science studies affirm that our self-perception impacts every cell within, influencing how we feel and act. By reading this special,

even, regardless of age, we can manifest its benefits—its energy, good health, and even opportunities. It's not just about beauty and how we look, of course, but it sure makes it easier.

Anti-aging is poised to be over a \$100 billion industry in seven years. This is also why it's rife with misinformation.

So we're going straight to the experts. Our trailblazers are pioneers. Through the years, they have made significant investments in bringing in the latest and most innovative technology and techniques in medical aesthetics and wellness. They have raised the Philippine medical aesthetic scene to world-class standards. They not only keep learning but also educate some of the world's

best practitioners, putting the Philippines on the beauty destination.

What's the newest breakthrough, and when is it? How should I choose? With technology that can now help us finally expect to age with or without a

pinch STAR, we want to share the truth—straight from the country's best in medical aesthetics and wellness.

“

While we cannot halt the aging process, we can aim to slow it down and mitigate its visible effects

# The Truth about Beauty, Anti-Aging and Regeneration

By MARBBIE TAGABUCBA

The Philippine Star

## DR. KAYCEE REYES

Founder, Luminisce Holistic Skin & Wellness

**I**n a society captivated by youth and the promise of anti-aging solutions and regenerative medicine, it is essential to separate fact from fiction and gain a deeper understanding of the science and truth behind beauty, anti-aging and regeneration.

Aging is an inevitable and multifaceted process influenced by both genetic and environmental factors. It involves a progressive decline in cellular function and protein synthesis, decreased skin elasticity, and the development of fine lines and wrinkles. The aging process, we can aim to slow it down and mitigate its visible effects.

Skincare plays a pivotal role in maintaining youthful-looking skin. Monitoring and addressing skin concerns, consistent skincare routine are crucial for preserving natural moisture barrier and delaying the effects of the sun's UV rays. Investing in products containing antioxidants, retinoids, and hyaluronic acid can enhance overall skin health and appearance.

A plethora of anti-aging treatments exist, ranging from topical creams and serums to more advanced procedures. Topical solutions can address specific concerns such as fine lines, wrinkles and uneven skin tone, but their effectiveness may vary. Advanced procedures like chemical peels, laser resurfacing, dermal fillers, and botulinum toxin injections offer more immediate and visible results in combating signs of aging.

Regeneration focuses on stimulating the body's natural healing mechanisms to promote tissue repair and rejuvenation. It encompasses various techniques such

Investment: Dr. Kaycee Reyes emphasizes even the most beautiful skin can benefit from regenerative medical aesthetics with a wellness and preventive medicine angle.

as Platelet-Rich Plasma (PRP) therapy, PLLA, or Poly-L-lactic acid (an injectable biodegradable treatment known as Sculptra and Aesthelogel) and FDS bio-stimulation

Skinvesting: Dr. Kaycee Reyes convinces even the most hesitant by approaching medical aesthetics with a wellness and preventive medicine angle.

Luminisce's bespoke approach to anti-aging. Everybody ages in different ways. One's signs of aging may be different from someone else which makes anti-aging treatments not one-size-fits-all.

At Luminisce, dermatologists come to assess the skin and unique bone structure to come up with an anti-aging treatment plan that's right for each individual. Together, different goals are set depending on the patient's specific needs and the issues they want to address.

## DKC's Bespoke Abdomen Full Circle

- **Ultrasound-assisted liposuction (UAL)**  
Uses a specialized probe or cannula to transmit ultrasound waves and vibrations into the fat tissue to loosen and emulsify fat cells for easier removal while reducing blood loss and preventing tissue trauma, giving uniform and smooth results.
- **Argo Plasma Skin Tightening (APST)**  
Uses pressurized argon gas to quickly heat 85 °C in tiny portions of subcutaneous collagen matrix. This heat produces a 40–50% decrease in fiber length in the collagen within fractions of a second, leading to a firmer and more taut skin.
- **The UAL and APST will treat the following area:**  
Abdomen Full Circle  
Procedure minimum cost is Php 340,000.  
  
Special price of Php 295,000.  
Free 10 Exilis & Lymphatic massage worth 150,000  
  
Anesthesiologist is not yet included.

Estimated duration  
3-4 Hours

Estimated downtime  
10-14 Days

Treatment interval  
2-5 Years

## DKC's Bespoke Arm Full Circle

- **Ultrasound-assisted liposuction (UAL)**  
Uses a specialized probe or cannula to transmit ultrasound waves and vibrations into the fat tissue to loosen and emulsify fat cells for easier removal while reducing blood loss and preventing tissue trauma, giving uniform and smooth results.
- **Argo Plasma Skin Tightening (APST)**  
Uses pressurized argon gas to quickly heat 85 °C in tiny portions of subcutaneous collagen matrix. This heat produces a 40–50% decrease in fiber length in the collagen within fractions of a second, leading to a firmer and more taut skin.
- **The UAL and APST will treat the following area:**  
Arm Full Circle (Arms, bra fat, and wings)

Procedure minimum cost is Php 390,000.

Special price of Php 340,000.

Free 10 Exilis & Lymphatic massage worth 150,000

Anesthesiologist is not yet included.

**Estimated duration**  
3-4 Hours

**Estimated downtime**  
10-14 Days

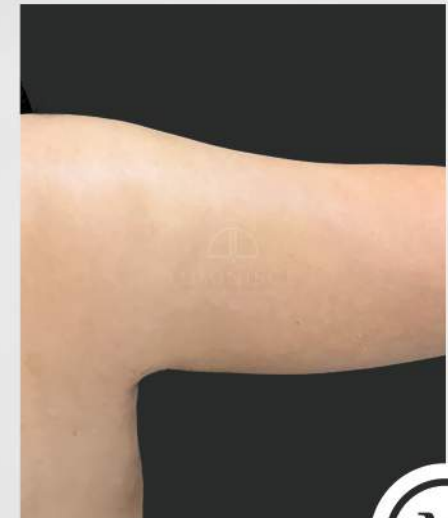

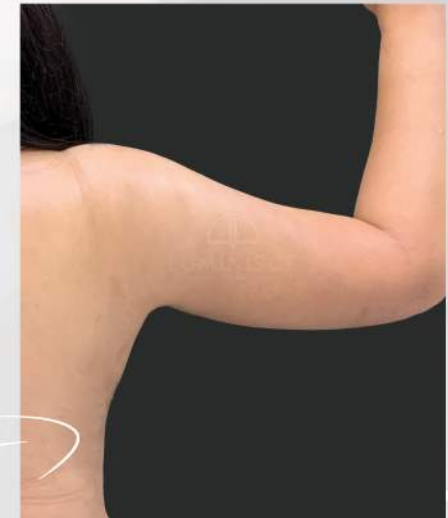

**Treatment interval**  
2-5 Years

After

## DKC's Bespoke SVF-tx

- **SVF, or Stromal Vascular Fraction from Adipose-derived tissue**, is a type of Stem cell treatment that treats the cause of inflammatory illnesses and it's symptoms. It comes from adipose, or fat, tissue. Unlike other stem cells, it doesn't just fix damaged cells; it can also stop cells from getting worse in the future.
- Adipose tissue is known to be a good source of pericytes and mesenchymal stem cells, which are parent precursor stem cells. Stem cells are multipotent and may transform into different tissue cells. These cells also release a lot of beneficial chemicals that can help speed up the healing of tissues and are therefore associated with rebirth and healing of tissues. These beneficial chemicals are also linked to paracrine signals, which can have strong anti-inflammatory benefits in the area being treated. This method can be used to speed up the healing of damage to muscles, tendons, and ligaments.
- The SVF procedure minimum cost is Php 1,200,000.  
Anniversary special package:  
Php 500,000.00  
Choice of 1 complimentary service  
Option 1: Fat Transfer worth Php 280,000  
Option 2: Enzymatic Stem cell Php 350,000

**Estimated duration**  
3-4 Hours

**Estimated downtime**  
10-14 Days

**Treatment interval**  
Min. 3 sessions  
(3 months apart)

## DKC's Bespoke Reju-Fat Transfer Autologous fat transfer (AFT)

- This is a surgical procedure that involves harvesting fat from one part of the body and transferring it to another part of the body, also known as lipofilling or fat grafting, is regarded as an elegant technique that excels in correcting soft-tissue contour deformities and volume deficits, commonly used to augment the buttocks and breasts, it can also be used plump up the cheeks and lips, fill in wrinkles, and reduce the appearance of under-eye circles.

- **The AFT procedure minimum cost is Php 280,000**

### **Anniversary special package:**

Php 250,000

+ Choice of 1 complimentary service

### **Option 1:**

1 session Lumi Bella-Exosome Php 30,000

### **Option 2:**

2 sessions Baby Skin Advanced Php 16,000

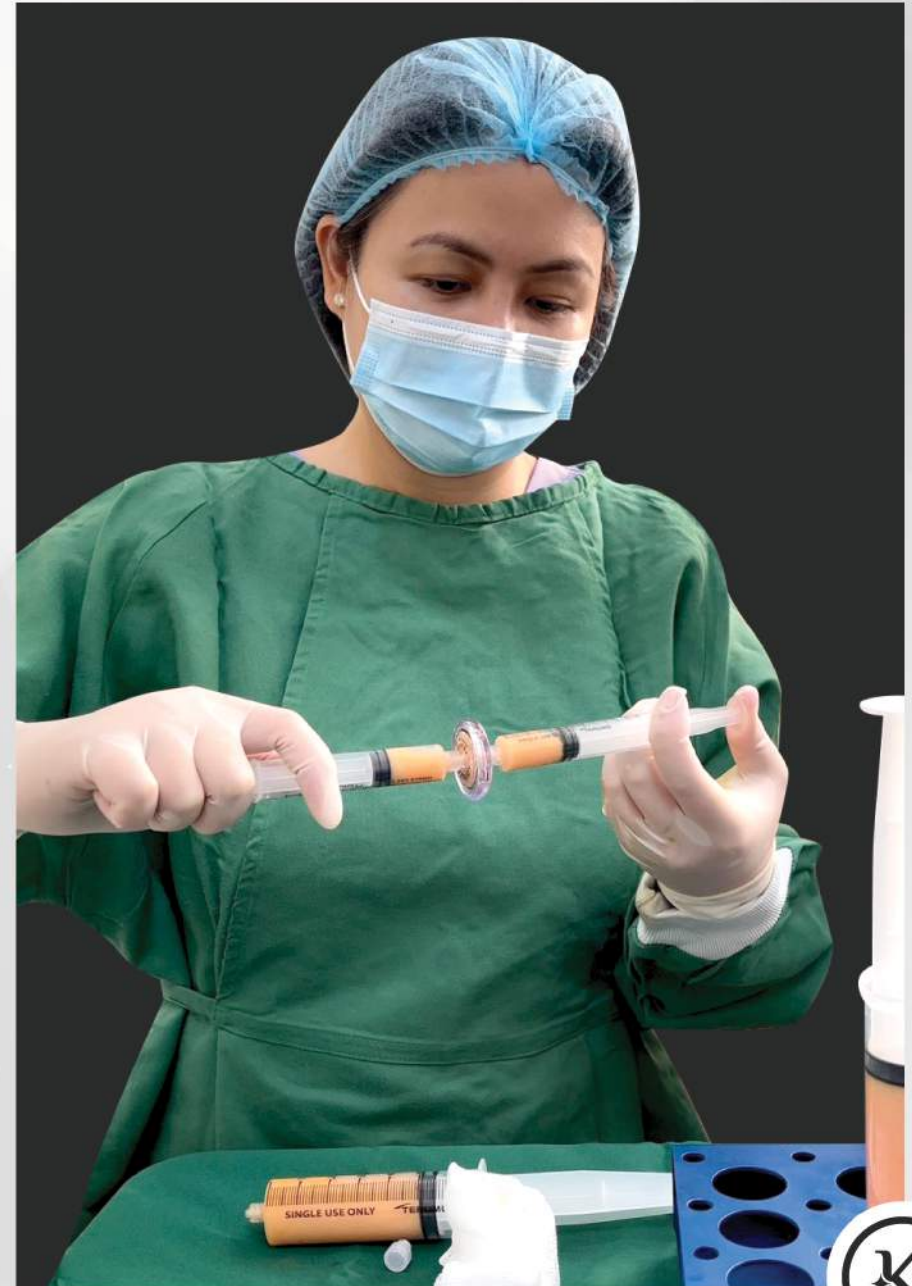

**Estimated duration**  
2-3 Hours

**Estimated downtime**  
2-3 Days

**Treatment interval**  
2 Years
